<edia@binus.edu>, Ford Gaol <fordlg@gmail.com>

Dear Maniah Maniah, Benfano Soewito, Edi Abdurachman and Ford Gaol:

Thank you very much once again for submitting a paper to The 2019 IEEE International Conference on Teaching,
Assessment, and Learning for Engineering (TALE).

Congratulations - your paper #1570588625 ('Risk Assessment on Cloud Computing for The Learning System in The
Education Environment') for TALE 2019 has been **accepted** for presentation at the conference as a Full Paper,
subject to the reviewers' feedback being satisfactorily addressed.

The reviews are below or can be found at https://edas.info/showPaper.php?m=1570588625.

Review paper 1

Comments to Authors: Specific Comments by the Referee for the Author(s)

For assessing the risk of learning systems on the cloud computing environment, this paper discusses a reasonable
model to calculate several aspects of the risk. The topic of the paper is very interesting and there is potential here, but
its title is too comprehensive to the contents; the authors JUST reported merely one example using the proposing
method. This makes the obtained result unreliable. The paper should have clarified the potential of your proposing
idea that could estimate the risk of security, privacy, and trust, especially on the education environment.

**Reviewer Recommendation: Comments on plagiarism, falsification, fabrication, or omission of significant
materials.**

There is some incorrect use of uppercase and lowercase letters.

Review paper 2

Comments to Authors: Specific Comments by the Referee for the Author(s)

This submission focuses on the risk assessment on cloud computing for the learning system in the education
environment. The authors introduce the existing theories about risk assessment in detail. However their own work on
the risk assessment on cloud computing for learning system is too little. There are some grammatical errors in the
paper and many figures are too vague. So, I think the performance of the paper is needed to be further improved.

**Reviewer Recommendation: Comments on plagiarism, falsification, fabrication, or omission of significant
materials.**

This submission focuses on the risk assessment on cloud computing for the learning system in the education
environment. The authors introduce the existing theories about risk assessment in detail. However their own work on
the risk assessment on cloud computing for learning system is too little. There are some grammatical errors in the
paper and many figures are too vague. So, I think the performance of the paper is needed to be further improved.

☐ At least one author must also register for the conference on the latest Thursday 31 October 2019 in order for the
paper to be included in the conference program and published in the conference proceedings and in IEEE Xplore. ☐
Concerning the Registration of your participation in TALE 2019: ☐ Please complete your registration via this link
http://bit.ly/TALE-2019 as soon as you receive this review result notification. ☐ Kindly note that each registration for
the conference covers one paper only. Authors with more than one accepted paper must pay separate registration
fees for each paper as stated in the Call for Papers and on the conference website. ☐ One paper only accommodates
for one attendee, if you need more attendee please register again ☐ Upon finalizing your registration, we will send the
invoice and payment link to your email. The payment of registration is only via Credit Card. ☐ In case you have

difficulties to pay via Credit card, please let us know via email: ieeetale2019@gmail.com, and we will inform you with the Bank Transfer with Full Amount. (any cost that incurred due to the bank payment transfer will be born to the sender)

Please fulfill these requirements no later than October 31, 2019 (Yogyakarta Time, which is GMT +7:00).

1. In the EDAS page of your paper, select the "Final Manuscript" button and follow the instructions to upload your MS word final manuscript file.
2. Send these 3 requirements files to ieeetale2019@gmail.com a. Sign the IEEE Copyright, complete list authors and the date, which can be download from: http://tale2019.org/authors-and-presenters/paper-submission fill with paper title, complete list authors, signed off the authorized author and the date. b. Your PDF final manuscript file. c. The Revision Report on how do you revise your paper aligned with reviewers' comment in txt format. Please download the template of revision report from http://tale2019.org/authors-and-presenters/guideline-camera-ready-papers/TALE2019_FinalChecklist_ReviewResponse.doc

Please revise your final paper with a minimum of 4 pages, it is imperative that you consult the Style Guide on the conference website as shown in http://tale2019.org/authors-and-presenters/guideline-camera-ready-papers

Please revise your paper based on reviewers' comments and make your paper has a similarity score under 21% without having paragraph similarity as break IEEE plagiarism level 3 (https://www.ieee.org/content/dam/ieee-org/ieee/web/org/pubs/Level_description.pdf)

Finally, please note that we take the integrity of papers very seriously. All final papers will be subjected to automated checking using the Crosscheck tool, and any cases of suspected plagiarism (including self-plagiarism) will be reported to IEEE. Authors whose papers are found to have been plagiarized will have their papers removed from the conference program and proceedings. By submitting your final paper via EDAS you warrant that it is original and that it is your own work, and that it has not been published nor is it under consideration for publication elsewhere, whether in part or in whole. The committee of 2019 TALE international conference will check whether the revision has been performed with reviewers' consent otherwise we have a right to exclude your paper from the proceedings.

Congratulations on the acceptance of your paper! Should you have any additional questions, please feel free to contact us. We look forward to seeing you in Yogyakarta in December 2019.

Yours sincerely,

Spits Warnars Harco Leslie Hendric Hiroyuki Mitsuhara Yoshiko Goda Fonny Dameaty Hutagalung TALE 2019 Technical Program Chairs

Ford Lumban Gaol, Binus University, Indonesia Ayu Purwarianti, Bandung Institute of Technology, Indonesia TALE 2019 General Chair
